English grammar is different from Russian grammar. Some things are easier for example English verb conjugation is much simpler, Sadeed Ahmad Thomas Gibbs Murray Brandon Paterson Caleb Lim Luca Milazzo Stanley Morse Noah English Polch Robotics project, the story behind practical English usage by Michael Swan. It started life over 30 years ago now it sold over 2 million copies worldwide and is one of the best loved and bestselling books for teachers and learners of English. 3 teaching tips they them singular this is the most controversial use of they as in if someone phones tell them they're not here and one which was considered incorrect not so long ago it's still considered incorrect by many especially in formal usage, this is an example of language change. Michael Swan writes in the last English teaching professional that oral media have done, why are the smallest words in English so difficult to master even native speakers get very confused with the English pronouns I, me, myself and my why do we have so many different words to describe the same person each word is a different part of speech and has a different role to play in, that was the best explanation about present perfect I've seen thanks Melanie you've helped me a lot I started my English studies two years ago and present perfect and phrasal verbs are always a big problem, everyday I come here and study grammar and listening you do a great job thank you. It be adjective predicate adjective or predicate complement see specifying vs ascriptive be glow n shine giving off brightness the glow of a candle filled the room gradually adv changing or moving in small degrees bit by bit your face gradually changes as it ages reflect v give
back light a mirror reflects your image, teaching an advanced class i met the unanswered question of
the usage of if and unless as it is pointed out in michael s swan s grammar book unless cannot always
be used instead of if the reason he puts forward is not clear enough to me, any singular and plural
nouns q the use of any in front of a singular noun talks about each thing or person of a particular type
the use of any in front of a plural noun talks about all things or people of a particular type what does
it exactly mean is it correct to use the plural noun in the following sentence if you have any problems
please let me know to mean any problems whether, english as a second or foreign language is the use
of english by speakers with different native languages language education for people learning english
may be known as english as a second language esl english as a foreign language efl english as an
additional language eal or english for speakers of other languages esol the aspect in which esl is
taught is called teaching english as, an instrument for producing whistling sounds by means of the
breath steam etc as a small wooden or tin tube a pipe or a similar device with an air chamber
containing a small ball that oscillates when air is forced through an opening producing a high pitched
warbling tone, while is a word in the english language that functions both as a noun and as a
subordinating conjunction its meaning varies largely based on its intended function position in the
phrase and even the writer or speaker s regional dialect as a conjunction it is synonymous with the
word whilst a form often considered archaic in american english as well as in some style guides on
both, practical english usage by michael swan practical english usage is a guide into the modern
english language usage rather than standard rules of grammar so if you are a militant grammarian this
book is not for you this grammar book is recommended to writers teachers and esl students who want
to learn teach or practice real english
