Evolution of Economic Thought by Brue 8th Edition
Schools of economic thought Wikipedia

September 13th, 2020 - In the history of economic thought a school of economic thought is a group of economic thinkers who share or shared a common perspective on the way economies work. While economists do not always fit into particular schools particularly in modern times classifying economists into schools of thought is common. Economic thought may be roughly divided into three phases: premodern, Greco-Roman.
