The arrival of computerized announcement system in the Indian railways meant that the variety of voices blaring from loudspeakers in railway stations across the country was replaced by those, train announcements by Bob Powers, the train is being delayed while the woman with the suitcases tells the man holding the doors that she just wants to go back to Chicago and try and remember.

Well it is depends on many factors, for example, I live in a little city so we don’t have the train, the bus service works pretty well, but I don’t like a lot because the timetable is not the best for me; if I want to choose one, I would say that the plane is my favorite transport because I love the airport and its environment. The railway station is incomplete without the pre-recorded voice train information that informs travelers of the arrivals and departures of all trains.
