It is widely seen as central to economies driving economic growth and job creation, Audretsch, Grilo and Thurik 2007 but also with the potential to contribute to addressing societal challenges such as social exclusion and disadvantage. Greene, Mole and Storey 2007.
Abstract: This exciting new book provides the big picture on small business and entrepreneurship, small businesses the big picture understanding entrepreneurship dening the small business working in small businesses innovation and the small business dening and measuring start ups new entrepreneurs and social networks the economies of start ups dening and measuring business closure analysing business closure dening business growth.
This exciting new book provides the big picture on small business and entrepreneurship written by two recognised experts active teachers and researchers at one of the world’s most respected business schools. It explores both the prevalence and importance of small and start-up businesses. Entrepreneurs and small businesses are highly diverse, so the book looks to apply broad brush strokes to exclusion and disadvantage. However, in focus, Dr. Oliver Mallett, Associate Editor for Journal of Small Business and Entrepreneurship, expands on this detail.

Full papers are due by 30 September 2019, and the special issue is scheduled to...
