Clanfield Learning & Online Courses Distance Learning Centre

April 24, 2019 - Welcome to the Distance Learning Centre. The Centre is one of the leading and largest establishments of home learning and distance learning courses in the UK and offers popular combinations of supported open learning and blended course materials. It is one of the oldest universities and a public state university that is located in Chennai, Tamil Nadu. It was established in the year 1857 and affiliated by the University Grants Commission (UGC).

Distance Learning Centre

- 

The Centre offers a range of courses in various fields such as Business, Management, IT, Engineering, Science, and Arts. It is a popular choice for learners who prefer to study from home or an alternative mode of learning.

- 

Learning how to apply is essential. Online applications are available at http://www.dlcentre.com. Students are guaranteed an exceptional learning experience through our combination of supported open learning and innovative course materials.

- 

The Centre is committed to the highest standards of instruction, learning, and assessment. It follows the University Grants Commission (UGC) open and distance learning regulations 2017 through the regulations, UGC has laid minimum standards of instruction, learning, and assessment.

- 

Distance and online courses are designed to provide flexibility and accessibility for learners from all backgrounds. They can study part-time or full-time and take advantage of our wide range of modules.

- 

Learners are expected to attend all scheduled teaching events in their course of study. However, in some limited circumstances, timetable clashes may be permitted. See the Timetable clash page for more details.

- 

The Centre offers various courses in the UK and with our popular combinations of supported open learning and blended course materials. It is a distinct approach to impart education to students.

- 

The Centre is a national centre for training, research, and consultancy in the field of administration, leadership, and management.

- 

Clinical and health subjects: 800 in the physical sciences subject.
