Tackling wicked problems: A public policy perspective
April 19th, 2019 - Many of the most pressing policy challenges for the APS involve dealing with very complex problems. These problems share a range of characteristics—they go beyond the capacity of any one organization to understand and respond to and there is often disagreement about the causes of the problems and the best way to tackle them. These complex policy problems are sometimes called ‘wicked’.

The theory and practice of corporate finance: Evidence
April 21st, 2019 - Introduction. In this paper, we conduct a comprehensive survey that describes the current practice of corporate finance. Perhaps the best known field study in this area is John Lintner’s 1956 path-breaking analysis of dividend policy. The results of that study are still quoted today and have deeply affected the way that dividend policy research is conducted.
