degr 584919 v4 see more like this, indexing spark plugs on evinrude e tec outboards the process to
index the spark plugs of an evinrude e tec outboard motor is relatively simple start by turning a spark
plug until the gap between the ground electrode and the anode is facing toward you make a vertical
index mark on the ceramic insulator, changing spark plugs on evinrude e tec outboards requires a
special procedure called indexing which positions the ground electrode of the spark plug away from
the fuel injector nozzle if spark plugs are not indexed correctly the outboard may not achieve top
performance and fuel economy, try this and get spark hope i help step 1 check earth step 2 check

these evinrude 40hp spark plugs were made specifically to boost hp increase economy and improve
their reliability there is simply no spark plug to compare its state of the art design to our brisk
Evinrude 40hp spark plugs use innovative multi spark 360 degree technology to increase power and low end torque. Spark plug application and information. Evinrude Johnson motors ship with Champion spark plugs. We recommend NGK instead and traditional electrode gap rather than surface gap plugs where possible. We have found that the surface gap plugs while lasting longer seem to have a slight performance hit over the standard plugs. Shop Evinrude spark plugs at Wholesale Marine. Our Evinrude spark plugs are at the lowest prices and same day shipping.

Evinrude outboard engines are manufactured in Sturtevant, Wisconsin in a state of the art manufacturing facility that is less than 30 miles away from where Ole Evinrude invented the first outboard engine more than 100 years ago. One hundred years of life on the water and counting and Evinrude is part of the BRP family of...
