Try a free audio sample of his brand new Mandarin Chinese course. For those who are not familiar with it, here is the entry for Natural Approach from the A-Z of ELT by Scott Thornbury. Published by Macmillan. The term Natural Approach or Natural Method was first used in the nineteenth century to describe teaching methods such as the direct method that attempted to mirror the processes of learning a first language, using a form such as this: helps the teacher and students identify errors. It also helps the teacher to listen and give balanced feedback. The first two columns: grammar, vocab and pronunciation are pretty self-evident and are what teachers look for as mistakes in most cases. The payoff: play the role of two up and coming video bloggers who are preparing for a life changing video competition. While managing their finances and handling unexpected events.
