Smocking Wikipedia
April 16th, 2019 - Smocking is an embroidery technique used to gather fabric so that it can stretch. Before elastic smocking was commonly used in cuffs, bodices and necklines in garments where buttons were undesirable. Smocking developed in England and has been practised since the Middle Ages and is unusual among embroidery methods in that it was often worn by laborers. Other major embroidery styles are

Pinning The Past Smocking Mr X Stitch
April 20th, 2019 - Smocking like so many textile techniques has a rather secretive history. From what I can find out the technique of smocking is often confused with the garment called a smock. For centuries women’s main undergarment was a nightdress like linen smock which could be decorated were she wealthy enough but often
