The paper central province national union for public and private educators of Zambia NUPPEZ secretary Richard Tembo has advised the Examinations Council of Zambia (ECZ) to revise measures that safeguard the security of examinations, as it is not uncommon for a year to go by without news of an examination malpractice scandal during the October-December exam period. Case in point is the recent postponement of the 2018 examination by the ECZ due to exam papers being leaked to learners via social media. The issue of examination malpractice is an issue that sits within the community where we live, and all of us are the best people to police the exams. It is the responsibility of the Zambian people to ensure the security of examinations.

The issue of examination malpractice erodes the quality of education. Such revelations provide tangible evidence of the urgent need for the Teaching Council of Zambia to keep up the pace in regulating the teaching profession. The occurrence of examination malpractice at any level of education poses a great threat to the validity and authenticity of credentials. Examination malpractices decree and the lack of effective supervision of students during examinations.

The occurrence of examination malpractice has continued to increase with 542 cases reported during the 2012 examination session. Council Director Michael Chilala made this observation Thursday at a media briefing in Lusaka. Chilala said that 7 cases of examination malpractice were reported during the exam period. The calamity of examination malpractice is not just the havoc it wrecks in our educational system but the gradual introduction of youths into the practice of fraud. These practices include linking of examination questions prior to writing, bribing, and other forms of malpractice.

Examinations Council of Zambia has observed that the number of examination malpractices has continued to increase with 542 cases reported during the 2012 examination session. Council Director Michael Chilala made this observation at a media briefing in Lusaka. Chilala said that 7 cases of examination malpractice were reported during the exam period. The calamity of examination malpractice is not just the havoc it wrecks in our educational system but the gradual introduction of youths into the practice of fraud now so rampant it has become a normal practical way of passing an examination.

These practices include linking of examination questions prior to writing, bribing, and other forms of malpractice. The purpose of this research work was to identify the factors that contribute to examination malpractices. The target population of the study was all the heads of schools.

The Examinations Council of Zambia has observed that the number of examination malpractices has continued to increase with 542 cases reported during the 2012 examination session.
