It's common for people to spend their free time in different ways. Some enjoy going to a new place, while others prefer staying at home to relax. When recounting a story, it's useful to use simple past tense or past perfect tense in your phrases. Recount texts retell past events, so they often use adverbs of time like when, one day, once upon a time, last holiday, after, before, and others. It's easy to differentiate recount texts from other types of text. You can make a recount text from an animated video created using Animaker (https://www.animaker.com).
